## JEFFERSON LIGHTNING FUNDRAISER

Please feel free to pass this along to anyone you know who is considering changing electric suppliers.

We have all gotten mail from numerous companies soliciting us to change suppliers in the past few months.

Here's what makes Viridian the best supplier to choose: You save money, there's no contract, and you help the environment!

My name is George Somers, I became a Viridian associate a few months ago and switched my power supplier to Viridian. Anyone can become a Viridian customer, but as an associate I thought this could be a great way to generate fundraising for our Jefferson Lightning baseball program. The cost is absolutely nothing! Your household saves

money every month as Viridian supplies the power at reduced rates than JCP&L does. A portion of your electric bill (what you spend every month anyway) then goes to help fund the Lightning baseball program. Example, if we get 100 families (meters) to change their energy supplier

over to Viridian, (JCP&L remains your electric company) \$1200 is raised per year for the Lightning. There's no limit to how much can be raised! 200 meters \$2400 raised. After your son goes through the program and into high school baseball and beyond, you will continue to help the program for future Lightning players. You save money every month over JCP&L rates, and you help the environment as Viridian offers 100% green energy.

Here's how you sign up:

1. First, go to my website: [www.viridian.com/bronyanksjefferson](http://www.viridian.com/bronyanksjefferson).

4. Then you will be switched for your next cycle and begin to see the savings every month on your electric bill from JCP&L. Page two will show Viridian as your supplier. NOTHING changes!

Please feel free to contact me directly if you have any additional questions. My e-mail, cell and fax numbers are on this brochure.
